

## Fashionable Functions and Interesting Incidents

By Ann Bradford Sedberry Phone Number 256

**D**URING the past two weeks there have been practically no social functions with the exception of the dance on Friday evening which was very much enjoyed by the young set. Bridge parties have narrowed down to informal one table affairs. In fact the Friday Bridge Club has discontinued meeting until early fall and the Thursday Evening Bridge Club is the only one which is meeting during August. This club was entertained by Mrs. A. L. Jagoe on last Wednesday evening in order that the members might attend "The Beantown Choir" on Thursday evening. It was on this humorous affair that interest was really centered last week. The play which was presented by the Woman's Auxiliary of the Presbyterian Church and skillfully directed by Miss Elbur Crighton, proved a success in every way. Every character acted his part in a clever and original manner; and although no tickets were sold, the auditorium was crowded and almost one hundred dollars was taken in.

### Ball-Nauble

A wedding of interest to people in Okolona and throughout the state was solemnized on last Wednesday afternoon at two o'clock at the Methodist church in McCondy when Miss Inez Nauble, attractive young daughter of Mr. and Mrs. Jeff Nauble, was married to Mr. William McKinley Ball, of Tylertown. Dr. H. S. Spraggins, formerly of Montgomery said the ceremony.

The church was prettily decorated with pot plants, ferns and other greenery being banked at the altar. Miss Earline Pearson furnished the nuptial music, playing Lohengrin's March as the bride party entered. Messrs. Jo Lee Colbert and Willie Pearson were ushers, and the bride and groom entered together. The bride was lovely in a smart three piece suit of navy eanton crepe with grey accessories. She carried an arm bouquet of bride's roses and valley lilies. During the ceremony Miss Pearson played Dvorak's "Humoresque"; and for the recessional she played Mendelssohn's Wedding March.

Immediately after the ceremony, Mr. and Mrs. Ball motored to Tupelo where they took the train for Memphis. Later they will go to New Orleans and spend a short while on the coast. Early in September they will be at home in Tylertown, where the groom has charge of the water and light plant. The bride, who is a recent graduate of M. S. C. W., is a gifted and attractive girl. The large number of handsome gifts attested the popularity of both young people.

The out of town guests at the wedding were: Mrs. Dora Ball, Mr. and Mrs. Hovea, of Tylertown; Dr. and Mrs. H. S. Spraggins and Hal, Jr., of Montgomery; Mrs. Ruffin, Memphis; Mrs. W. V. Connell, Birmingham; Mr. and Mrs. H. C. Glidewell, Mr. and Mrs. A. L. Jagoe, Mrs. D. W. Reeder, Mr. Wade Reeder, Mesdames J. T. Stanford, W. T. Jaggars, Elbert Henderson, Mattie Morrison, all of Okolona, and Mrs. R. T. Polk, of Memphis.

Mr. and Mrs. A. L. Jagoe and children, Mollie Allen and Armijar, Jr., motored to Booneville Sunday where Mrs. Jagoe and children will visit relatives while Mr. Jagoe will go to West Baden, Ind.

### Thursday Evening Bridge Club

Mrs. A. L. Jagoe was hostess of the Thursday Evening Bridge Club on Wednesday evening of last week. The three tables for the games were placed in the spacious living room of the residence on the corner of Main and Gatlin Sts. The ladies prize, a lovely bud vase, was captured by Mrs. Vester J. Thompson, of Tuscaloosa, who is visiting her parents, Mr. and Mrs. R. W. Chandler, while the men's prize, a deck of cards, was won by Dr. D. F. Morgan. Mrs. Jagoe served a delicious ice course to the club members and three charming guests, Mesdames L. L. Hodges, Vester Thompson and Russell Polk, of Memphis.

### Friday Evening Dance

The dance given on Friday evening at the Parchman Hall by Hartzell's Novelty Six, the Harmony Boys of Cincinnati, was the last and most delightful of a series of dances, which have been enjoyed by the members of Okolona's fashionable dancing set and their guests, this summer. The music was unusually good, and the dance, which was under the management of Messrs. R. V. King, C. H. King, and Gilbert Stovall, was well conducted. There were about forty couples and a number of stags on the floor, and all of the girls were prettily frocked for the occasion.

**Additions to Earth's Weight.**  
In the early days of its history the earth grew rapidly by the addition of meteoric matter. It is still growing in the same manner, though scarcely to an appreciable extent, for the mass of meteoric matter added yearly is reckoned to be only 30,000 tons. In the course of ages the larger planets have swept up practically all the fragments of the original disruption, and the only available source of supply of meteoric matter seems to be that brought by comets.
